Sir:

The above-identified application apparently became abandoned for failure to file a timely reply to a notice by the United States patent and Trademark Office. It appears that a Notice of Allowance in this application was sent by the Examiner, but not received by the

undersigned, and accordingly, the appropriate fees have not been paid to allow issuance of this application.

Applicants hereby petition for revival of this application. The entire delay in paying the issuance fee from the Notice of Allowance until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. The appropriate petition fee pursuant to 37 CFR 1.17 is hereby authorized to be charged to deposit account no. 502889. Additionally, any required issue fee and/or publication fee for said application is also authorized to be charged to this same deposit account. As this application was filed after June 8, 1995, it is not believed that any terminal disclaimer or terminal disclaimer fee is required.

Respectfully submitted,
